Subject: Water System Survey Significant Deficiencies/ Rule Violations Casey's Riverside Park # 41-01007

A water system survey was completed for Casey's Riverside Park on May 18, 2015 identifying significant deficiencies and rule violations to be corrected. A letter and copy of the survey report were mailed to your attention on June 11, 2015. Oregon Administrative Rule (OAR) 333-061-0076(6) and OAR 333-061-0032(6)(e) requires water systems that use groundwater sources to have completed corrective action or be in compliance with a Department-approved corrective action plan within 120 days of receiving written notice of a significant deficiency.

The Casey's Riverside Park was to complete corrective action by October 18, 2015 or have a Department-approved corrective action plan with a reasonable timeframe to complete the corrective action. To date, this information has not been received. As a result, Casey's Riverside Park is in violation and is now subject to formal enforcement which could include the assessment of civil penalties. In order to return to compliance and avoid formal enforcement action, your corrective action plan to the water system survey report **must be received and approved by July 21<sup>st</sup>, 2016**. Please send information to: Lane County Environmental Health Drinking Water Program 151 W 7<sup>th</sup> Ave Suite 430 Eugene, Oregon 97401 or e-mail [sarah.puls@co.lane.or.us](mailto:sarah.puls@co.lane.or.us). A copy of the survey letter is enclosed for your reference.

Since Casey's Riverside Park failed to take action within the required timeframe, you **must provide notification** to all persons served by the water system as soon as practical and by no later than 30 days after the date of this letter. The public notice must include the mandatory language and corrective action taken. You are also required to issue a repeat notice every three months until all deficiencies are corrected or you are in compliance with an approved corrective action plan. A copy of the Tier 2 public notice instructions and template are enclosed.

A copy of the public notice must be sent to the Oregon Health Authority - Drinking Water Program, PO Box 14350, Portland, OR 97293-0350 within ten (10) days after completion to certify that Casey's Riverside Park has fully complied with the distribution and public notification requirements.
