RE: Notice of Non-Compliance regarding the RIVER VILLAGE MHP Public Water System, PWS OR4105854

Dear WALT LONGTIN,

RIVER VILLAGE MHP is a public water system subject to regulation under ORS 448.115 to 448.290 and OAR 333-061-0005 to 333-061-0290.

The Oregon Health Authority, Public Health Division, Office of Environmental Public Health, Drinking Water Program (Program) has reviewed the operation of the RIVER VILLAGE MHP water system and found that it is not being operated in compliance with the Oregon Drinking Water Quality Act (ORS 448.115 to ORS 448.290) and rules. Specifically:

- Compliance Deficiency No. 1: OAR 333-061-0036(3)(a) requires sampling for synthetic organic chemicals, but synthetic organic chemical sampling results have not been submitted for the RIVER VILLAGE MHP water system for the most recently completed monitoring period, which constitutes a violation of the rule if samples were in fact not collected.

ACTIONS REQUIRED TO ACHIEVE COMPLIANCE

In order for the operation of RIVER VILLAGE MHP water system to return to compliance with OAR 333-061-0036(3)(a), synthetic organic chemical sampling results collected during the current monitoring period must be submitted to the Program no later than January 10, 2012.

Failure to comply with the deadline specified in this letter may result in additional enforcement action, which could include the assessment of civil penalties as prescribed by OAR 333-061-0090. Please contact The Drinking Water Program at 541-276-8006 to discuss the compliance actions specified in this letter.

Thank you for your cooperation.

Respectfully,

A handwritten signature in black ink, appearing to read 'BK Daniels', with a long, sweeping horizontal stroke extending to the right.
