RE: Notice of Non-Compliance regarding the ROBINSON NURSERY AMITY WS  
Public Water System, PWS OR4195247

Dear DIANA CEJA,

ROBINSON NURSERY AMITY WS is a public water system subject to regulation  
under ORS 448.115 to 448.290 and OAR 333-061-0005 to 333-061-0290.

The Oregon Health Authority, Public Health Division, Office of Environmental Public  
Health, Drinking Water Program (Program) has reviewed the operation of the  
ROBINSON NURSERY AMITY WS water system and found that it is not being  
operated in compliance with the Oregon Drinking Water Quality Act (ORS 448.115 to  
ORS 448.290) and rules. Specifically:

- Compliance Deficiency No. 1: OAR 333-061-0036(3)(a) requires sampling for  
synthetic organic chemicals, but synthetic organic chemical sampling results have not  
been submitted for the ROBINSON NURSERY AMITY WS water system for the  
most recently completed monitoring period, which constitutes a violation of the rule if  
samples were in fact not collected.

#### ACTIONS REQUIRED TO ACHIEVE COMPLIANCE

In order for the operation of ROBINSON NURSERY AMITY WS water system to return  
to compliance with OAR 333-061-0036(3)(a), synthetic organic chemical sampling  
results collected during the current monitoring period must be submitted to the Program  
no later than January 10, 2012.

Failure to comply with the deadline specified in this letter may result in additional enforcement action, which could include the assessment of civil penalties as prescribed by OAR 333-061-0090. Please contact YAMHILL COUNTY at 503-434-7439 to discuss the compliance actions specified in this letter.

Thank you for your cooperation.

Respectfully,

A handwritten signature in black ink, appearing to read 'BRAD K. DANIELS', with a stylized flourish at the end.
